Store
management

Smart business enabler to personalize in-store customer experience

- Support merchants with store hub capabilities stock and staff management, e-receipt, as well as connections for peripherals
- Connecting stores to the Cloud Services Centre, a scalable platform offering POS, business & analytics services
- Rely on the widest developer community and grab any Android existing application

All payment methods including alternative ones such as **QR code or cross-channel capability**

Compatible with **Telium TETRA ecosystem** (tools, security, payment apps, remote management...)

A physical keypad & audio kit designed for accessibility

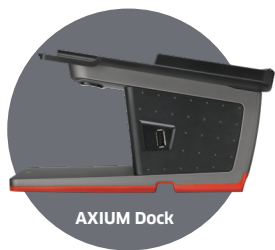

Open Android 7, 8 and beyond

Web browsing in a few clicks

Large 7" HD tablet-based interface with a wider viewing angle and **Gorilla® glass**

A set of open APIs simplifying integration to enable rich interactions

A modular solution addressing all use cases

Processor	Application & Crypto processor	ARM Cortex-A7 Quad Core & Secure Cortex A5	•
OS		Android 7 and 8	•
		Telium TETRA OS	•
Memory	Internal	16 GB Flash, 2 GB RAM	•
	External	MicroSD 32, 64 or 128 GB	•
EMV payment		Smartcard, Magstripe & Contactless	•
Merchant display	Color, Multi-touch Capacitive	7" IPS HD (1280x800 pixels) / Gorilla®glass	•
Customer display	Color, Touch Capacitive	2.4" QVGA	•
Keypad	On customer side	15 keys, raised Marking, backlit	•
Camera	Front	2MP	•
	Rear	5MP autofocus / flash	•
Positioning		GPS, GLONASS, BeiDou	Option
Terminal connectivity	Wireless	4G (fallback 3G/2G)	Option
		Dual SIM (micro SIM)	Option
		WiFi (Dualband 5GHz/2.4GHz)	•
		Bluetooth 4.2 (BLE, Beacon)	•
	Wired	Ethernet (with AXIUM Dock)	Option
Battery	Li-ion	4000mAh, field replaceable by Merchant	•
Terminal size		262 x 118 x 55 mm (10.3x4.6x2.2")	•
Weight	Terminal + Battery	515g (18.2 oz)	•
Accessory	AXIUM Dock	Charging, printing, WiFi / Ethernet / USB Hub	Option
	AXIUM Printer	Bluetooth, 30L/5	Option
Security		Certified PCI PTS 5.x online & offline	•
