Move/2500
Guarantee terminal’s availability whatever happens

- Assure terminal availability rate if power and network fail
- Make NFC payment a seamless consumer experience
- Robust and functional to meet merchants’ daily needs
The Move/2500 offers a seamless payment experience. A pocket-sized portable terminal, it complies with future security standards.

**Highest security**
The Move/2500 is PCI-PTS 5.x certified. Its Telium TETRA OS uses the latest cryptographic schemes with future-proof key length.

**All payment options**
The Move/2500 enables NFC couponing and wallet use cases, in addition to EMV Chip & PIN, swipe and contactless.

**Designed for mobility**
Designed for indoor and outdoor use, the Move/2500 Portable is a pocket-size and offers extended battery. It is the perfect business companion for merchants.

**Guaranteed terminal availability**
In a single terminal, the Move/2500 Hybrid comes with wired communication capabilities (Ethernet, PSTN) or wireless (4G, 3G, GPRS, Dual SIM) or WiFi. Then it guarantees terminal payment acceptance availability in case of network failures.

**Seamless NFC payment**
The Move/2500 boosts contactless payment by offering customers a seamless experience through a dedicated card-reader zone and faster transaction flow.

**Secure Telium TETRA OS**
Backed by 40 years of experience and with its user-friendly interface, the Telium TETRA operating system includes the best security mechanisms embedded to protect transaction privacy and leverages Ingenico’s unique portfolio of payment applications.

**Compatible with Ingenico’s suite of services**
Keeping the solutions connected, the Move/2500 works in unison with Ingenico’s supporting service platforms, meaning merchants will have access to business services such as back office reporting and e-receipt management. Software updates and day-to-day support deliver a hassle-free experience.

**Processor**
- Application & Crypto processor: Cortex A5
- Memory: 256 MB Flash, 128 MB RAM
- OS: Telium TETRA
- SIM: 2 SIM
- SAM: 2 SAM
- Card readers: Magstripe, Smart card, NFC/Contactless
- Display: 2.4” backlit, QVGA (320x240 pixels)
- Keypad: 16 keys, raised marking, backlight
- Audio: Buzzer

**Terminal Printer**
- Speed in lines/s: up to 24 lines/s
- Paper roll cage: 58 mm width x Ø 40 mm
- Processor: Cortex A5
- Memory: 512 MB Flash, 128 MB RAM
- OS: Telium TETRA
- SIM: 2 SIM
- SAM: 3rd SAM
- Card readers: Magstripe, Smart card, NFC/Contactless
- Display: 2.4” backlit, QVGA (320x240 pixels)
- Keypad: 16 keys, raised marking, backlight
- Audio: Buzzer

**Thermal Printer**
- Speed in lines/s: up to 24 lines/s
- Paper roll cage: 58 mm width x Ø 40 mm
- Processor: Cortex A5
- Memory: 512 MB Flash, 128 MB RAM
- OS: Telium TETRA
- SIM: 2 SIM
- SAM: 3rd SAM
- Card readers: Magstripe, Smart card, NFC/Contactless
- Display: 2.4” backlit, QVGA (320x240 pixels)
- Keypad: 16 keys, raised marking, backlight
- Audio: Buzzer

**Terminal connectivity**
- WAN
- LAN
- Wired
- Battery: Li-ion
- Terminal size: Portable/Hybrid
- Weight: 320 g (11 oz)
- Environment: Operating Temperature: 10°C to +40°C (-14°F to 104°F), Storage Temperature: -20°C to +65°C (-4°F to 131°F), Operating Humidity: 85% non-condensing at +40°C (104°F)
- Security: POI PTS 5.x & 4.x online & offline certified
