RISK FACTORS

In purchasing the Bonds, investors assume the risk that the Issuer may become insolvent or otherwise be unable to make all payments due in respect of the Bonds. There is a wide range of factors which individually or together could result in the Issuer becoming unable to make all payments due in respect of the Bonds. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer's control. The Issuer has identified in this Prospectus a number of factors which could materially adversely affect its business and ability to make payments due under the Bonds. The order in which the following risks factors are presented is not an indication of the likelihood of their occurrence.

In addition, factors which are material for the purpose of assessing the market risks associated with the Bonds are also described below.

Prospective investors should make their own independent evaluations of all investment considerations and should also read the detailed information set out elsewhere in this Prospectus.

Terms defined in "Terms and Conditions of the Bonds" below shall have the same meaning where used below.

1. Risks relating to the Issuer

Risk factors relating to the Issuer and its activities are mentioned on pages 20 *et seq.* of the 2013 Registration Document incorporated by reference on page 7 of this Prospectus.

2. Risks linked to the Bonds

2.1 Risks related to the Bonds generally

The Bonds may not be a suitable investment for all investors.

Each potential investor in the Bonds must determine the suitability of that investment in light of such investor's own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference in this Prospectus;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Bonds and be familiar with the behaviour of financial markets;

- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the relevant risks; and
- (vi) consult their legal advisers in relation to possible legal or fiscal risks that may be associated with any investment in the Bonds.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult their legal counsel in order to determine whether and to what extent (1) Bonds are legal investments for it, (2) Bonds can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Bonds. Financial institutions should consult their legal counsel or the appropriate regulators to determine the appropriate treatment of the Bonds under any applicable risk-based capital or similar rules.

The Bonds may be redeemed prior to maturity

In the event that the Issuer would be obliged to pay additional amounts in respect of any Bonds due to any withholding as provided in “Terms and Conditions of the Bonds – Taxation”, the Issuer may and, in certain circumstances shall, redeem all of the Bonds then outstanding in accordance with such Condition.

In addition, the Issuer may redeem all or a portion of each of the then outstanding Bonds at any time prior to their maturity date, at their relevant make-whole redemption amount, as provided in “Terms and Conditions of the Bonds – Redemption and Purchase”.

Any early redemption of the Bonds may result, for the Bondholders, in a yield that is lower than anticipated. In addition, investors may not be able to reinvest the moneys they receive upon such early redemption in securities with the same yield as the redeemed Bonds.

Change of Control - put option

In the event of a Change of Control of the Issuer (as more fully described in “Terms and Conditions of the Bonds - Redemption at the option of the Bondholders following a Change of Control”), each Bondholder will have the right in the circumstances described in “Terms and Conditions of the Bonds - Redemption at the option of the Bondholders following a Change of Control” to request the Issuer to redeem or procure the purchase of all or part of its Bonds at their principal amount together with any accrued interest. In such case, any trading market in respect of those Bonds in respect of which such redemption right is not exercised may become illiquid. In addition, Bondholders having exercised their put option may not be able to reinvest the moneys they receive upon such early redemption in securities with the same yield as the redeemed Bonds.

Modification of the Terms and Conditions of the Bonds

Bondholders will be grouped automatically for the defence of their common interests in a *Masse*, as defined in “Terms and Conditions of the Bonds - Representation of the Bondholders”, and a general meeting of Bondholders can be held. The provisions of the French *Code de commerce* permit in certain cases defined majorities to bind all Bondholders including Bondholders who did not attend and vote at the relevant general meeting and Bondholders who voted in a manner contrary to the majority.

The general meeting of Bondholders may deliberate on any proposal relating to the modification of the Terms and Conditions of the Bonds, notably on any proposal, whether for arbitration or settlement, relating to rights in controversy or which were subject of judicial decisions.

Creditworthiness of the Issuer

The price of the Bonds will also depend on the creditworthiness of the Issuer. If the creditworthiness of the Issuer deteriorates the value of the Bonds may decrease and investors may lose all or part of their investment.

Rating

Neither the Bonds nor the long-term debt of the Issuer are rated. One or more independent credit rating agencies may assign credit ratings to the Bonds on an unsolicited basis. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Bonds. A rating or the absence of a rating is not a recommendation to buy, sell or hold securities.

Withholding under the EU Savings Directive

Under the EC Council Directive 2003/48/EC on the taxation of savings income (as amended by the EU Council Directive 2014/48/EU adopted by the European Council on 24 March 2014, as referred to below) (the “**Savings Directive**”), member states of the European Union (the “**Member States**”) are required to provide to the tax authorities of other Member States details of payments of interest and certain types of income made by a paying agent located within their jurisdiction to an individual resident in that other Member State and to certain other types of entities or legal arrangements. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories (including Switzerland) have adopted similar measures (a withholding system in the case of Switzerland).

If a payment were to be made or collected through a Member State which has opted for a withholding system under the Savings Directive and an amount of, or in respect of, tax is withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Bond, as a result of the imposition of such withholding tax. For the purpose of this section, the term “**paying agent**” is defined widely and includes in particular any economic operator who is responsible for making interest payments, within the meaning of the Savings Directive, for the immediate benefit of individuals or certain entities.

The European Council formally adopted the Council Directive 2014/48/EU amending the Directive on 24 March 2014 (the “**Amending Directive**”). The Amending Directive broadens the scope of the requirements described above. Member States have until 1 January 2016 to adopt the national legislation necessary to comply with the Amending Directive. The changes made under the Amending Directive include extending the scope of the Savings Directive to payments made to, or collected for, certain other entities and legal arrangements. They also broaden the definition of “interest payment” to cover income that is equivalent to interest.

Please refer to section “EU Savings Directive” of the taxation’s chapter of the Prospectus for further details on the withholding under the EU Savings Directive.

The proposed financial transactions tax (FTT)

The European Commission has published a proposal for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “**participating Member States**”).

The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of the Notes should, however, be exempt.

Under current proposals the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States and is the subject of legal challenge. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

French Insolvency Law

Under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the “**Assembly**”) in order to defend their common interests if a preservation (*procédure de sauvegarde*), an accelerated financial preservation procedure (*procédure de sauvegarde financière accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Bonds), whether or not under a debt issuance programme (such as a euro medium term notes programme) and regardless of their governing law.

The Assembly deliberates on the proposed safeguard plan (*projet de plan de sauvegarde*), draft accelerated financial safeguard plan (*projet de plan de sauvegarde financière accélérée*) or judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (charges) of holders of debt securities (including the Bondholders) by rescheduling due payments and/or partially or totally writing-off receivables in the form of debt securities;
- establish an unequal treatment between holders of debt securities (including the Bondholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Bonds) into securities that give or may give rights to share capital.

Decisions of the Assembly will be taken by a two-thirds majority (calculated as a proportion of the debt securities held by the holders attending such Assembly or represented thereat). No quorum is required to convene the Assembly.

For the avoidance of doubt, the provisions relating to the representation of the Bondholders described in the Terms and Conditions of the Bonds set out in this Prospectus will not be applicable with respect to the Assembly to the extent they conflict with compulsory insolvency law provisions that apply in these circumstances.

Change of law

The Terms and Conditions of the Bonds are based on French law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial or administrative decision or change to French law or administrative practice after the date of this Prospectus.

Limited covenant

The Bonds do not restrict the Issuer or its subsidiaries from incurring additional debt or disposing of assets. The Terms and Conditions of the Bonds contain a negative pledge that prohibits the Issuer and its Material Subsidiaries in certain circumstances from creating security over assets, but only to the extent that such is used to secure other bonds, notes or other debt securities, which are for the time being quoted or ordinarily dealt in on any Regulated Market. The Terms and Conditions of the Bonds do not contain any other covenants restricting the operations of or the disposal of assets by the Issuer or its Material Subsidiaries. The Issuer's subsidiaries are not guarantors of the Bonds.

Subject to the above mentioned negative pledge, the Issuer and its subsidiaries may incur additional debt that could be considered before or rank equally with the Bonds. If the Issuer incurs additional debt ranking equally with the Bonds, it will increase the number of claims that would be entitled to share rateably with Bondholders in any proceeds distributed in connection with an insolvency, bankruptcy or similar proceeding. If the Issuer or its subsidiaries incur additional debt that is structurally senior or that would otherwise come prior to the Bonds, it could increase the risks of Bondholders as compared with the holders of such senior instruments.

Taxation

Potential purchasers and sellers of the Bonds should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Bonds are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Bonds. Potential investors are advised not to rely upon the tax general description contained in this Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Bonds. Only these advisers are in a position to duly consider the specific situation of each potential investor. This investment consideration has to be read in connection with the taxation sections of this Prospectus.

Each prospective investor should consult its own advisers as to legal, tax and related aspects of an investment in the Bonds.

A Bondholder's effective yield on the Bonds may be diminished by the tax impact on that Bondholder of its investment in the Bonds.

2.2 Risks related to the market generally

Market value of the Bonds

The market value of the Bonds will be affected by the creditworthiness of the Issuer and a number of additional factors, including market interest and yield rates.

The value of the Bonds depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchange on which the Bonds are traded. The price at which a Bondholder will be able to sell the Bonds may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser.

No active secondary market for the Bonds

An investment in the Bonds should be considered primarily with a view to holding them until their maturity (i.e. 20 May 2021). Bonds may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Bonds easily or at prices that provide them with a yield comparable to similar investments that have a developed secondary market. Illiquidity may have an adverse effect on the market value of Bonds. Although application has been made for the Bonds to be admitted to trading on Euronext Paris, there is no assurance that such application will be accepted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for the Bonds.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Bonds in Euro. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the “**Investor's Currency**”) other than Euro. These include the risk that exchange rates may significantly change (including changes due to devaluation of Euro or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Euro would decrease (i) the Investor's Currency-equivalent yield on the Bonds, (ii) the Investor's Currency-equivalent value of the principal payable on the Bonds and (iii) the Investor's Currency-equivalent market value of the Bonds.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

The Bonds bearing interest at a fixed rate, investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds.

TERMS AND CONDITIONS OF THE BONDS

The terms and conditions of the Bonds (the “**Conditions**”) will be as follows:

The issue of the €450,000,000 2.50 per cent. Bonds due 2021 (the “**Bonds**”) by INGENICO (the “**Issuer**”) was authorised pursuant to a resolution of the Board of Directors (*Conseil d'administration*) of the Issuer dated 7 May 2014. The Issuer has entered into a fiscal agency agreement to be dated 16 May 2014 (the “**Fiscal Agency Agreement**”) with Société Générale as fiscal agent, paying agent and calculation agent (the “**Fiscal Agent**”, the “**Paying Agent**” and the “**Calculation Agent**”, which expressions shall, where the context so admits, include any successor for the time being as fiscal agent, paying agent or calculation agent). Copies of the Fiscal Agency Agreement are available, without charge, for inspection, during normal business hours at the specified offices of the Fiscal Agent. References below to “**Conditions**” are, unless the context otherwise requires, to the numbered paragraphs below. In these Conditions, “**holder of Bonds**”, “**holder of any Bond**” or “**Bondholder**” means the person whose name appears in the account of the relevant Account Holder (as defined below) as being entitled to such Bonds.

1. **Form, Denomination and Title**

The Bonds are issued on 20 May 2014 (the “**Issue Date**”) in dematerialised bearer form (*au porteur*) in the denomination of €100,000 each. Title to the Bonds will be evidenced in accordance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier* by book entries (*inscription en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Bonds.

The Bonds will, upon issue, be inscribed in book entry form in the books of Euroclear France (“**Euroclear France**”), which shall credit the accounts of the Account Holders. For the purpose of these Conditions, “**Account Holders**” shall mean any intermediary institution entitled to hold, directly or indirectly, accounts on behalf of its customers with Euroclear France, and includes depositary banks for Clearstream Banking, *société anonyme* (“**Clearstream, Luxembourg**”) and Euroclear Bank S.A./N.V. (“**Euroclear**”).

Title to the Bonds shall be evidenced by entries in the books of Account Holders and will pass upon, and transfer of Bonds may only be effected through, registration of the transfer in such books, and only in the denomination of €100,000.

2. **Status**

The principal and interest in respect of the Bonds constitute direct, unconditional, unsubordinated and (subject to Condition 3 “**Negative Pledge**” below) unsecured obligations of the Issuer and rank *pari passu* without any preference among themselves and (subject to such exceptions as are mandatory under French law) equally and rateably with all other present or future unsecured and unsubordinated obligations of the Issuer.

3. **Negative Pledge**

So long as any of the Bonds remains outstanding (as defined below), the Issuer undertakes that it will not, and will ensure that none of its Material Subsidiaries (as defined below) will, grant or permit to subsist any mortgage over their assets or real estate rights, present or future, pledge over all or part of their business assets or any other security interest, charge or lien over their assets or revenues, present or future, securing any obligation in favour of holders of Relevant Debt, unless the present Bonds are equally and rateably secured therewith, except, in the case of an entity which

becomes a Material Subsidiary after the Issue Date, for any such mortgage, pledge or other security interest, charge or lien already existing on the date on which it becomes a Material Subsidiary.

"**Material Subsidiary**" means a Subsidiary which has (i) turnover (excluding intra-group items) representing at least 5 per cent. or more of the turnover of the Issuer and its subsidiaries taken as a whole (the "**Group**"), calculated on a consolidated basis; and (ii) gross assets (including intra-group items) representing 5 per cent. or more of the gross assets of the Group, calculated on a consolidated basis.

"**outstanding**" means in relation to the Bonds, all the Bonds issued other than (i) those which have been redeemed on their due date or otherwise in accordance with the Conditions, (ii) those in respect of which claims have been prescribed under Condition 9 and (iii) those which have been purchased and cancelled in accordance with the Conditions.

"**Relevant Debt**" means any indebtedness for borrowed money of the Issuer or any Material Subsidiary in the form of or represented by bonds, notes or other debt securities, which are for the time being listed and/or admitted to trading, following a formal application by the Issuer, on any stock exchange.

4. Rate of interest

4.1 Interest Payment Dates

The Bonds bear interest from, and including, 20 May 2014 (the "**Interest Commencement Date**") to, but excluding, 20 May 2021 (the "**Maturity Date**") at the rate of 2.50 per cent. *per annum* payable annually in arrear on 20 May in each year (each an "**Interest Payment Date**"). The first payment of interest will be made on 20 May 2015 and the last on 20 May 2021.

4.2 Interest Payments

Each Bond will cease to bear interest from the due date for redemption, unless payment of principal is improperly withheld or refused on such date. In such event, interest on such Bond shall continue to accrue at the same rate of interest (both before and after judgment) until the calendar day (included) on which all sums due in respect of such Bond up to that calendar day are received by or on behalf of the relevant holder.

If interest is required to be calculated for a period of less than one year, it will be calculated on an Actual/Actual (ICMA) basis for each period, that is to say the actual number of calendar days elapsed during the relevant period divided by 365 (or by 366 if a 29 February is included in such period), the result being rounded to the nearest cent (half a cent being rounded upwards).

5. Redemption and Purchase

The Bonds may not be redeemed otherwise than in accordance with this Condition 5 or with Condition 8.

(a) Final Redemption

Unless previously redeemed or purchased and cancelled, the Bonds will be redeemed by the Issuer in full at their principal amount on the Maturity Date.

(b) Make-Whole Redemption by the Issuer

The Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 calendar days' irrevocable notice in accordance with Condition 11 to the Bondholders, redeem the Bonds, in whole but not in part, at any time, prior to their Maturity Date (for the purpose of this Condition 5(b), the "**Optional Redemption Date**"). Any such redemption of Bonds shall be made on the Optional Redemption Date at their Make-Whole Redemption Amount.

For the purpose hereof,

"**Make-Whole Redemption Amount**" means in respect of any Bonds to be redeemed pursuant to this provision, an amount, determined by the Calculation Agent, equal to the greater of (x) 100 per cent. of the principal amount of such Bonds and (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Bonds (excluding any interest accrued on the Bonds to, but excluding, the Optional Redemption Date) discounted to the Optional Redemption Date on an annual basis at the Make-Whole Redemption Rate plus a Make-Whole Redemption Margin, plus in each case, any interest accrued on the Bonds to, but excluding, the Optional Redemption Date.

"**Make-Whole Redemption Margin**" means 0.35 per cent.

"**Make-Whole Redemption Rate**" means the average of the 4 quotations given by the Reference Banks of the mid-market annual yield to maturity of the Reference Bund on the fourth Business Day (as defined below) preceding the Optional Redemption Date at 11:00 a.m. (Central European time (CET)). If the Reference Bund is no longer outstanding, a Similar Security will be chosen by the Calculation Agent in its reasonable judgment, at 11:00 a.m. (Central European time (CET)) on the fourth Business Day preceding the Optional Redemption Date, quoted in writing by the Calculation Agent to the Issuer and notified in accordance with Condition 11. The Make-Whole Redemption Rate will be notified by the Issuer in accordance with Condition 11.

"**Reference Bund**" means the 2.50 per cent. German Federal Government Bond of Bundesrepublik Deutschland due 2021, with ISIN DE0001135424.

"**Reference Bank**" means the Joint Lead Managers or each of the four banks that may include any of the Joint Lead Managers selected by the Calculation Agent which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues.

"**Similar Security**" means a reference bond or reference bonds issued by the German Federal Government having an actual or interpolated maturity comparable with the remaining term of the Bonds that would be used, at the time of financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Bonds.

(c) Redemption for Taxation Reasons

(i) If, by reason of a change in French law or regulation, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the Issuer would, on the occasion of the next payment of principal or interest due in respect of the Bonds, not be able to make such payment without having to pay additional amounts (whether in respect of some of, or all, the Bonds) as specified in

Condition 7, the Issuer may at any time, subject to having given not more than 45 nor less than 30 calendar days' prior notice to the Bondholders in accordance with Condition 11 (which notice shall be irrevocable), redeem all, but not some only, of the Bonds outstanding at their principal amount, together with all interest accrued to the date fixed for redemption, provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable Interest Payment Date on which the Issuer could make payment of principal or interest without withholding for French taxes.

- (ii) If the Issuer would on the occasion of the next payment of principal or interest in respect of the Bonds be prevented by French law from making payment to the Bondholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 7, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall, subject to having given not less than seven calendar days' prior notice to the Bondholders in accordance with Condition 11 (which notice shall be irrevocable), redeem all, but not some only, of the Bonds at their principal amount, together with all interest accrued to the date fixed for redemption of which notice hereunder may be given, provided that the due date for redemption shall be no earlier than the latest practicable date on which the Issuer could make payment of the full amount of principal or interest payable in respect of the Bonds or, if such date has passed, as soon as practicable thereafter.

(d) Redemption at the option of Bondholders following a Change of Control

If at any time while any Bond remains outstanding there occurs a Change of Control, each Bondholder will have the option (the “**Put Option**”) to require the Issuer to redeem or, at the Issuer's option, to procure the purchase of that Bond on the Optional Redemption Date (as defined below) at an amount equal to 100 per cent. of its principal amount together with (or, where purchased, together with an amount equal to) accrued interest to but excluding the Optional Redemption Date, unless the person(s) acquiring control of the Issuer has a credit rating of at least BBB- (or its equivalent) assigned by a Rating Agency at the time it acquires such control and maintains a credit rating of at least BBB- after such acquisition during the Change of Control Period. A rating downgrade or withdrawal otherwise arising by virtue of a particular change in rating shall be deemed not to have occurred in respect of this provision if the Rating Agency making the change in rating does not publicly announce or publicly confirm that the reduction or withdrawal was the result, in whole or part, of any event or circumstance comprised in or arising as a result of, or in respect of, the Change of Control. If more than one Rating Agency assigns a credit rating to the person(s) acquiring control, the lower of the ratings shall be considered for the purposes of this provision.

For the purpose hereof,

“**Change of Control**” shall mean the fact, for one individual or legal entity acting alone or for several individuals or legal entities acting in concert, of acquiring the control of the Issuer, it being specified that the notion of “control” shall mean the fact of holding (directly or indirectly through the intermediary of companies themselves controlled by the individuals or legal entities concerned) (x) the majority of the voting rights attached to the Issuer's Shares or (y) more than 40% of such voting rights if no other shareholder of the Issuer, acting alone or in concert, holds (directly or indirectly through the intermediary of companies controlled by this or these shareholders) a greater percentage of such voting rights.

“**Change of Control Period**” means the period commencing on the date of the first public announcement of the occurrence of the Change of Control and ending on the date which is ninety (90) calendar days after such date.

“**Rating Agency**” means any of the following: (a) Standard & Poor’s Ratings Services, (b) Moody’s Investors Services, (c) Fitch Ratings, (d) any other rating agency of recognised international standing – and, in each case, their respective successors or affiliates.

Promptly upon becoming aware that:

- a Change of Control has occurred, if the person(s) acquiring control of the Issuer had no credit rating or had a credit rating of less than BBB- (or its equivalent) assigned by a Rating Agency at the time it acquired such control, or
- a downgrade below BBB- or withdrawal of the rating of the person(s) acquiring control of the Issuer took place during the Change of Control Period, if the person(s) acquiring control of the Issuer had a credit rating of at least BBB- (or its equivalent) assigned by a Rating Agency at the time it acquired such control,

the Issuer shall give notice (a “**Put Event Notice**”) to the Bondholders in accordance with Condition 11 specifying the nature of the Change of Control and the procedure for exercising the Put Option contained in this Condition 5(d).

To exercise the Put Option, a Bondholder must transfer (or cause to be transferred by its Account Holder) its Bonds to be so redeemed or purchased to the account of the Fiscal Agent (details of which are specified in the Put Event Notice) for the account of the Issuer within the period of 45 calendar days after the Put Event Notice is given (the “**Put Period**”), together with a duly signed and completed notice of exercise in the then current form obtainable from the specified office of any Paying Agent (a “**Put Option Notice**”) and in which the holder may specify an account denominated in euro to which payment is to be made under this Condition 5(d). A Put Option Notice once given will be irrevocable.

The Issuer shall redeem or, at its option, procure the purchase of the Bonds in respect of which the Put Option has been validly exercised as provided above, and subject to the transfer of such Bonds to the account of the Fiscal Agent for the account of the Issuer as described above, on the date which is the tenth Business Day (as defined below) following the end of the Put Period (for the purpose of this Condition 5(d), the “**Optional Redemption Date**”). Payment in respect of any Bond so transferred will be made in euro on the Optional Redemption Date to the account denominated in euro (or any other account to which euro may be credited or transferred) specified in the relevant Put Option Notice opened with a bank in a city in which banks use the TARGET System (as defined in Condition 6 below).

(e) Purchases

The Issuer may at any time purchase Bonds (together with rights to interest relating thereto) in the open market or otherwise (including by way of tender or exchange offer) at any price and on any condition, subject to compliance with any applicable laws. Bonds so purchased by the Issuer may be held and resold in accordance with Article L.213-1-A of the French *Code monétaire et financier* for the purpose of enhancing the liquidity of the Bonds.

(f) Cancellation

All Bonds which are redeemed or purchased for cancellation by the Issuer pursuant to this Condition 5 will forthwith be cancelled and accordingly may not be reissued or resold.

6. Payments

6.1 Method of Payment

Payments of principal, interest and other amounts in respect of the Bonds will be made in euro, by credit or transfer to an account denominated in euro (or any other account to which euro may be credited or transferred) specified by the payee with a bank in a city in which banks use the TARGET System (as defined in Condition 6.2 below). Such payments shall be made for the benefit of the Bondholders to the Account Holders and all payments made to such Account Holders in favour of Bondholders will be an effective discharge of the Issuer and the Fiscal Agent, as the case may be, in respect of such payment.

Payments of principal, interest and other amounts in respect of the Bonds will be made subject to any fiscal or other laws and regulations applicable thereto, but without prejudice to the provisions of Condition 7. No commission or expenses shall be charged to the Bondholders in respect of such payments.

6.2 Payments on Business Days

If any due date for payment of principal, interest or any other amount in respect of any Bond is not a Business Day (as defined below), then the Bondholder shall not be entitled to payment of the amount due until the next following calendar day which is a Business Day and the Bondholder shall not be entitled to any interest or other additional sums in respect of such postponed payment.

For the purposes of these Conditions, “**Business Day**” means any calendar day, not being a Saturday or a Sunday, (i) on which foreign exchange markets and commercial banks are open for business in Paris (ii) on which Euroclear France is operating and (iii) on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (known as TARGET2) system (the “**TARGET System**”) or any successor thereto is operating.

6.3 Fiscal Agent, Paying Agent and Calculation Agent

The name and specified office of the initial Fiscal Agent, Paying Agent and Calculation Agent are as follows:

Fiscal Agent, Paying Agent and Calculation Agent

Société Générale
32, rue du Champ de Tir
CS 30812
44308 Nantes CEDEX 3
France

The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, the Paying Agent or the Calculation Agent and/or appoint a substitute Fiscal Agent or Calculation Agent and additional or other Paying Agents or approve any change in the office through which the Fiscal Agent or Paying Agent acts, provided that, so long as any Bond is outstanding, there will at all times be (i) a Fiscal Agent having a specified office in a major European city and (ii) so long as the Bonds are listed on Euronext Paris and the rules of that exchange so require, a Paying Agent ensuring

financial services in France (which may be the Fiscal Agent). Any termination or appointment shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not more than 45 nor less than 30 calendar days' notice thereof shall have been given to the Bondholders by the Issuer in accordance with Condition 11.

7. Taxation

7.1 Withholding Tax

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Bonds shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature (“**Taxes**”) imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

7.2 Additional Amounts

If, pursuant to French laws or regulations, payments of principal or interest in respect of any Bond become subject to deduction or withholding in respect of any present or future Taxes imposed by or on behalf of France or any authority therein or thereof having power to tax, the Issuer shall, to the fullest extent then permitted by law, pay such additional amounts as may be necessary in order that the holder of each Bond, after such deduction or withholding, will receive the full amount then due and payable thereon in the absence of such withholding; provided, however, that the Issuer shall not be liable to pay any such additional amounts in respect of any Bond:

- (a) to, or to a third party on behalf of, a Bondholder who is subject to such Taxes by reason of his having some connection with France other than the mere holding of such Bond; or
- (b) where such deduction or withholding is imposed on a payment to an individual or to an entity or legal arrangement as set out in Article 4(2) of European Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments (as amended by the EU Council Directive 2014/48/EU adopted by the European Council on 24 March 2014) and is required to be made pursuant to such Directive or any other European Union Directive implementing the conclusion of the ECOFIN Council meeting of 26-27 November 2000 or any subsequent meeting of the ECOFIN Council on the taxation of savings income, or any law implementing or complying with, or introduced in order to conform to, such Directive or Directives.

Any reference in these Conditions to principal and/or interest shall be deemed to include any additional amounts which may be payable under this Condition 7.

8. Events of Default

The Representative of the *Masse* (as defined in Condition 10), acting pursuant to a resolution of a General Meeting of Bondholders, may, upon written notice to the Issuer (copy to the Fiscal Agent), cause all, but not some only, of the Bonds to become immediately due and payable, at their principal amount together with any accrued interest thereon until their actual redemption date:

- (a) if the Issuer defaults in any payment of principal or interest on any Bond on the due date thereof and such default has not been remedied within 10 Business Days of such due date;

- (b) if there is a default by the Issuer in the due performance of any other provision of the Conditions, and such default has not been cured within 15 Business Days after receipt by the Issuer of written notice of such default;
- (c) if the Issuer is dissolved or liquidated prior to the repayment in full of the Bonds;
- (d) to the extent permitted by applicable law, if the Issuer or any Material Subsidiary (as defined in Condition 3) makes any proposal for a general moratorium in relation to its debts, or applies for the appointment of a *mandataire ad hoc* in the context of insolvency procedures (*procédures collectives*), has applied to enter into a conciliation procedure (*procédure de conciliation*), or is subject to such application, or is subject to a safeguard proceeding (*procédure de sauvegarde*), or a judgment is rendered for the judicial reorganisation (*redressement judiciaire*), or for the judicial liquidation (*liquidation judiciaire*) or for a judicial transfer of the whole of the business (*cession totale de l'entreprise*) of the Issuer or Material Subsidiary or, to the extent permitted by applicable law, if the Issuer or Material Subsidiary is subject to any other similar insolvency or bankruptcy proceedings, or grants any assignment for the benefit of its creditors;
- (e) if the Issuer ceases to carry on all or substantially all of its business; or
- (f) if any other present or future indebtedness of the Issuer or of one of its Material Subsidiaries (as defined in Condition 3), for borrowed money in excess of, whether individually or collectively, EUR 25,000,000 (or its equivalent in any other currency), whether individually or collectively, shall become due and payable prior to its stated maturity as a result of a default thereunder, or any such indebtedness shall not be paid when due or, as the case may be, within any applicable grace period thereto.

9. Prescription

Claims against the Issuer for the payment of principal and interest in respect of the Bonds shall become prescribed 10 years (in the case of principal) and 5 years (in the case of interest) from the due date for payment thereof.

10. Representation of the Bondholders

The Bondholders will be grouped automatically for the defence of their common interests in a *masse* (hereinafter referred to as the “*Masse*”).

The *Masse* will be governed by the provisions of the French *Code de commerce* with the exception of Articles L.228-48, L.228-59, R.228-67, R.228-69 and R.228-72 thereof, and by the conditions set out below, provided that notices calling a general meeting of the Bondholders (a “**General Meeting**”) and the resolutions passed at any General Meeting and any other decision to be published pursuant to French legal and regulatory provisions will be published only as provided under Condition 11 below:

(a) Legal Personality

The *Masse* will be a separate legal entity, by virtue of Article L.228-46 of the French *Code de commerce* acting in part through a representative (the “**Representative**”) and in part through a General Meeting.

The *Masse* alone, to the exclusion of all individual Bondholders, shall exercise the common rights, actions and benefits which now or in the future may accrue with respect to the Bonds.

(b) *Representative*

The office of Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representative:

- (i) the Issuer, the members of its Board of Directors (*Conseil d'administration*), its general managers (*directeurs généraux*), its statutory auditors, or its employees as well as their ascendants, descendants and spouse; or

- (iii) companies holding 10 per cent. or more of the share capital of the Issuer or companies having 10 per cent. or more of their share capital held by the Issuer; or
- (iv) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity.

The Representative shall be:

Represented by its Chairman

The alternative representative (the “**Alternative Representative**”) shall be:

Gilbert Labachotte

75014 Paris

The Representative will be entitled to a remuneration of €450 (VAT excluded) per year, payable on each Interest Payment Date with the first payment at the Issue Date.

In the event of death, incompatibility, resignation or revocation of the Representative, such Representative will be replaced by the Alternative Representative. The Alternative Representative shall have the same powers as the Representative.

In the event of death, incompatibility, resignation or revocation of the Alternative Representative, a replacement will be elected by the General Meeting.

All interested parties will at all times have the right to obtain the name and address of the Representative at the primary business office of the Issuer and at the offices of the Paying Agent.

(c) *Powers of the Representative*

The Representative shall, in the absence of any decision to the contrary of the General Meeting of Bondholders, have the power to take all acts of management to defend the common interests of the Bondholders.

All legal proceedings against the Bondholders or initiated by them must be brought against the Representative or by it, and any legal proceedings which shall not be brought in accordance with this provision shall not be legally valid.

The Representative may not interfere in the management of the affairs of the Issuer.

(d) *General Meetings*

General Meetings may be held at any time, on convocation either by the Issuer or the Representative. One or more Bondholders, holding together at least one-thirtieth of outstanding Bonds may address to the Issuer and the Representative a demand for convocation of the General Meeting; if such General Meeting has not been convened within two months from such demand, such Bondholders may commission one of themselves to petition the competent court in Paris to appoint an agent (*mandataire*) who will call the meeting.

Notice of the date, hour, place, agenda and quorum requirements of any General Meeting will be published as provided in Condition 11 not less than 15 calendar days prior to the date of the General Meeting on the first convocation and not less than 10 calendar days on second convocation.

Each Bondholder has the right to participate in General Meetings in person, by proxy, correspondence, or, if the *statuts* of the Issuer so specify, videoconference or any other means of telecommunications allowing the identification of the participating Bondholders. Each Bond carries the right to one vote.

(e) *Powers of General Meetings*

A General Meeting is empowered to deliberate on the fixing of the remuneration of the Representative and on its dismissal and replacement, and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Bonds, including authorizing the Representative to act at law as plaintiff or defendant.

A General Meeting may further deliberate on any proposal relating to the modification of these Conditions, including:

- (i) any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions; and
- (ii) any proposal relating to the issue of securities carrying a right of preference compared to the rights of Bondholders,

it being specified, however, that a General Meeting may not increase amounts payable by the Bondholders, nor establish any unequal treatment between the Bondholders, nor decide to convert the Bonds into shares of the Issuer or any other entity.

General Meetings may deliberate validly on first convocation only if Bondholders present or represented hold at least a fifth of the Bonds then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by the Bondholders attending such meeting or represented thereat.

In accordance with Article R.228-71 of the French *Code de commerce*, the right of each Bondholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Bondholder as of 0:00, Paris time, on the third Business Day preceding the date set for the meeting of the relevant General Meeting.

(f) *Information to the Bondholders*

Each Bondholder or representative thereof will have the right, during the 15 calendar day period preceding the holding of each General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the meeting, which will be available for inspection at the principal office of the Issuer, at the offices of the Paying Agents and at any other place specified in the notice of meeting.

(g) *Expenses*

The Issuer will pay all reasonable expenses incurred in the operation of the *Masse*, including expenses relating to the calling and holding of meetings and the expenses which arise by virtue of the remuneration of the Representative, and more generally all administrative expenses resolved upon by a General Meeting of the Bondholders, it being expressly stipulated that no expenses may be imputed against interest payable on the Bonds.

(h) *Notice of Decisions*

Decisions of the meetings shall be published in accordance with the provisions set out in Condition 11 not more than 90 calendar days from the date thereof.

11. Notices

Any notice to the Bondholders will be duly given if delivered to Euroclear France or published, so long as the Bonds are listed on Euronext Paris and the rules of that stock exchange so require, in a leading daily newspaper having general circulation in France (which is expected to be the *Les Echos*).

Any notice to the Bondholders shall be deemed to have been given on the date of such publication or if published on different dates, on the date of the first publication.

12. Further Issues and Assimilation

The Issuer may from time to time without the consent of the Bondholders issue further bonds to be assimilated (*assimilables*) with the Bonds as regards their financial service, provided that such further bonds and the Bonds shall carry rights identical in all respects (or in all respects save for the issue price and the first payment of interest thereon) and that the terms of such further bonds shall provide for such assimilation.

In the event of such assimilation, the Bondholders and the holders of such further bonds will be grouped together in a single *masse* for the defence of their common interests. References in these Conditions to the Bonds include any other bonds issued pursuant to this Condition and assimilated with the Bonds.

13. Governing Law and Jurisdiction

The Bonds are governed by, and shall be construed in accordance with, the laws of France.

Any dispute arising out of or in connection with the Bonds will be submitted to the competent courts in Paris.

USE OF PROCEEDS

The net proceeds of the issue of the Bonds, estimated to approximately €446,580,000, will be used for general corporate purposes of the Issuer.

DESCRIPTION OF THE ISSUER

The following is an outline description of the Issuer which should be read in conjunction with the sections of the 2013 Registration Document referred to in the cross-reference list appearing in the section "Information incorporated by reference" above.

History of the Group

Compagnie Industrielle et Financière d'Ingénierie, Ingenico ("**Ingenico**" or the "**Group**"), a company specialising in the design and manufacture of electronic payment card terminals, was created in 1980. In 1984, it launched the first magnetic stripe and chip smart terminal and was listed on the *Second Marché* of the Paris Stock Exchange in 1985. As from 1994, major card issuers such as Visa, MasterCard and Europay adopted a payment chip-card standard, which accelerated Ingenico's growth.

Development of the activity of the Group

Ingenico's core business has traditionally been designing and supplying payment terminals. To spur new growth, the Group decided in 2008 to be positioned all across the value chain, from payment solutions to transaction services. Ingenico began laying this groundwork by acquiring easycash, a leading German in-store payment services provider.

Then, in 2012, the Group reinforced its position in transaction management thanks to Roam Data takeover, a US based payment services provider specialised in mobile payments.

And finally, in 2013, the Group acquired Ogone, a leading pan-European online payment services provider. This deal represents a cornerstone in the execution of Ingenico's strategy of becoming the unique "one-stop-shop" provider as only payment processing was the last brick needed to implement multi-channel payment solutions: in-store, online and mobile.

In addition to that, the Group has demonstrated its strong position in the secure mercantile payment solutions in particular through the partnerships concluded with PayPal (2012) in the U.S., as well as the technology partnership with Microsoft (2013).

Global presence

Ingenico's sales network covers 125 countries. In order to respond to payment system issues, which are necessarily country-specific since they relate to national payment protocols, the Group needs to maintain a strong local presence around the world.

At the end of 2013, Ingenico employed close to 4,600 employees around the world, a 15 per cent. increase over 2012.

Outsourced production and Research and Development (R&D)

Since 2006, Ingenico's manufacture of terminals has been outsourced entirely to top-tier industrial partners. The Group now mainly works with two of the world's five largest electronics systems subcontractors, Flextronics and Jabil.

Stemming from Ingenico's on-going efforts to streamline manufacturing, manufacturing plants which the Group relies on are now located primarily in Asia for the world market, and in Brazil and Russia for these countries' markets.

The Group invests a significant amount of money in innovations and Research and Development to maintain its lead on the payment solutions market where technological and regulatory changes occur constantly, but also to develop integrated solutions for merchants looking to simplify payment methods while facilitating the payment experience for consumers. In 2013, the Group continued to invest significantly in Research and Development, spending close to 8 per cent. of its income in Research and Development while dedicating 23 per cent. of the Group's workforce.

Philippe Lazare, Chairman and CEO of Ingenico, commented: *“In the first quarter, Ingenico’s business activity has seen remarkable growth across all regions in which we operate. This performance is mostly based on our unique competitive positioning in a stronger market than expected.*

Moreover this performance demonstrates the relevance of our multi-local strategy: we have enhanced our leadership in China and in emerging markets, accelerated our deployment in North America and managed to successfully integrate Ogone, leader on digital payments.

By deploying our fast and secure payment solutions across all distribution channels – in-store, on-line and mobile – we have more than ever assumed our role as facilitator for our customers in their interaction with consumers.

All of these factors now enable us to provide a more specific revenue guidance for this year.”

Revenue in Q1'14

With Ingenico's European business and Transactions division now combined, Italy and Eastern Europe have been included in the EMEA region with effect from January 1, 2014, reflecting their primary orientation toward Payment Terminals. At the same time, following the disposal of TransferTo in December 2013, the Central Operations division now encompasses ROAM and central procurement. Healthcare revenue is now included in the Europe-SEPA region. To facilitate assessment of the Group's performance, consolidated revenue for the first quarter of 2014 is compared here with pro forma revenue with effect from January 1, 2013 to reflect the deconsolidation of TransferTo carried out in 2013.

*Reflecting the new regional breakdown and the disposal of TransferTo as of January 1, 2013.

**Based on 2013 revenue including the contribution of TransferTo, disposed of in December 2013.

In the first quarter of 2014, revenue totaled €325 million, representing a 7 percent increase on a reported basis. This result included a negative foreign exchange impact of €18 million, particularly in relation to Latin America. Total revenue included €268 million generated by the Payment Terminal business (hardware, services, and maintenance) and €57 million generated by Transaction Services.

On a comparable basis¹, revenue growth was 20 percent higher than in Q1 2013, driven by a double-digit growth in both segments. The Group's performance in Payment Terminals (up 21 percent) was fueled by its multi-local footprint in a stronger than expected market trends. Transaction Services business increased by 5-point to 14 percent, thanks to good results for in-store and online payment solutions.

All regions contributed in the first quarter of 2014 to the Group's overall strong performance. In addition, Services, Maintenance and Transactions accounted for a steady 30 percent of Group's revenue (excluding TransferTo).

Performance for the quarter, by geography and on a like-for-like basis¹ compared with Q1 2013, was as follows:

- Europe-SEPA (up 8 percent): The Group performed well in both business segments. In Payment Terminals, a number of orders were deployed faster than anticipated, particularly in the United Kingdom's large retailers and in the Spanish banking sector. As expected, Ingenico stepped up the deployment of its strategy based on in-store, online payment and mobile payment services through Ogone, which booked a 27-percent growth. Leveraging on Ingenico's presence in Spain, Ogone signed its first contracts in the country during the first quarter of 2014.

¹ On a like-for-like basis at constant exchange rates.

- Latin America (up 9 percent): The good performance of Ingenico was driven by an active sales policy, with Ingenico being now the payment solution provider to the region's top thirty banks and financial institutions. As expected, the Group returned to growth in Brazil during the quarter and intensified its market presence elsewhere, notably in Mexico and the Caribbean.
- Asia-Pacific (up 28 percent): Ingenico has continued to enjoy a strong growth in this region, above all in China, where the Group has confirmed its leading position, quarter after quarter. In broader terms, a focused sales strategy over the past several quarters has given the Group a vast acceptance network connected to the region's 30 largest banks.
- North America (up 61 percent): This strong performance reflects the ramp-up of Ingenico's business in the region, particularly through the accelerated delivery of a major order in Canada. Ingenico is strongly involved and well-positioned in the deployment of secure payment solutions (point-to-point encryption, EMV), which are expected to gain ground, most specifically in the United States, as evidenced by the contracts recently signed by Ingenico with the distributor CardConnect and with HoneyBacked.
- EMEA (up 37 percent): The Group continued to enjoy further strong sales momentum across the region, driven by the accelerated rollout of several orders in Italy during the quarter and its direct market presence in Russia. Ingenico has continued to benefit from the reorganization of its distribution network in the Middle East. Lastly, the launch of a new solution in Turkey combining payment with fiscal memory looks promising.
- Central Operations (up 26 percent): ROAM has continued to deploy its mobile point-of-sale solutions in the United States, making new customer wins with EVO, and Thatcher Technology Group.

Outlook

During the first quarter, Ingenico has achieved an outstanding performance in Payment Terminals, and, in addition to that, the Transaction Services business seems also well oriented in most countries in Europe.

In this context, the Group provides a more specific revenue guidance for 2014. Ingenico expects organic growth¹ of between 10 and 15 percent, based on pro forma 2013 revenue of €1,301 million (excluding the contribution of TransferTo, disposed of on December 1, 2013).

As in the second half of 2013, Ingenico intends to accelerate its investments in 2014 in future growth drivers to keep pace with a rapidly evolving market, and restates its expectation that EBITDA² margin will exceed or be equal to 21 percent.

¹ On a like-for-like basis at constant exchange rates.

² EBITDA is not an accounting term; it is a financial metric defined here as profit from ordinary activities before depreciation, amortization and provisions, and before expenses for shares distributed to employees and officers.

TAXATION

The following is a general description of certain tax considerations relating to the Bonds. It does not purport to be a complete analysis of all tax considerations relating to the Bonds, whether in France or elsewhere. Prospective purchasers of Bonds should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Bonds and receiving payments of interest, principal and/or other amounts under the Bonds and the consequences of such actions under the tax laws of those countries. This general description is based upon the law as in effect on the date of this Prospectus and is subject to any change in law that may take effect after such date.

1. EU Savings Directive

On 3 June 2003, the European Council of Economics and Finance Ministers adopted the Directive 2003/48/EC on the taxation of savings income (as amended by the EU Council Directive 2014/48/EU adopted by the European Council on 24 March 2014, as referred to below) (the "**Savings Directive**"). The Savings Directive requires Member States, subject to a number of conditions being met, to provide to the tax authorities of another Member State details of payments of interest and certain other types of income (within the meaning of the Savings Directive) made by a paying agent (within the meaning of the Savings Directive) located within their jurisdiction to an individual resident or certain other types of entities or legal arrangements (as defined in Article 4.2 of the Savings Directive, the "**Residual Entities**") (the "**Disclosure of Information Method**").

For these purposes, the term "paying agent" is widely defined and includes in particular any economic operator who is responsible for making interest payments, within the meaning of the Savings Directive, for the immediate benefit of a beneficial owner.

According to Article 10 of the Savings Directive for a transitional period, however, Luxembourg and Austria are permitted to apply an optional information system whereby if a beneficial owner, within the meaning of the Savings Directive, does not comply with one of the two procedures for information reporting, the relevant Member State will levy a withholding tax on payment to such beneficial owner.

The rate of such withholding tax is currently 35 per cent. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments. The Luxembourg Government, in the bill of law introduced on 18 March 2014, announced its intention to abolish the withholding system with effect from 1 January 2015, in favor of the disclosure of information method under the EU Savings Directive.

A number of non-EU countries and certain dependent and associated territories have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a paying agent (within the meaning of the EU Savings Directive) within its jurisdiction to, or collected by such a paying agent for, an individual resident or a Residual Entity established in a Member State. In addition, Luxembourg has entered into reciprocal provision of information or transitional withholding arrangements with those of dependent or associated territories in relation to payments made by a paying agent (within the meaning of the EU Savings Directive) in Luxembourg to, or collected by such a paying agent for, an individual resident or a Residual Entity established in one of those territories.

The European Council formally adopted the Council Directive 2014/48/EU amending the Directive on 24 March 2014 (the "**Amending Directive**"). The Amending Directive broadens the scope of the requirements described above. Member States have until 1 January 2016 to adopt the national legislation necessary to comply with the Amending Directive. The changes made under the Amending Directive include extending the scope of the Savings Directive to payments made to, or

collected for, certain other entities and legal arrangements. They also broaden the definition of "interest payment" to cover income that is equivalent to interest.

2. France

2.1 Withholding Tax

The following is a general description of certain withholding tax considerations that may be relevant to holders of Bonds who (i) are non-French residents, (ii) do not hold their Bonds in connection with a business or profession conducted in France, as a permanent establishment or with a fixed base in France, and (iii) are not otherwise affiliated to the Issuer within the meaning of Article 39-12 of the French Code general des impôts.

Pursuant to Article 125 A III of the French *Code general des impôts*, payments of interest and other revenues made by the Issuer with respect to the Bonds are not subject to the withholding tax unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a "**Non-Cooperative State**"), in which case, a 75 per cent. withholding tax is applicable (subject to certain exceptions and to the more favourable provisions of an applicable double tax treaty). The 75 per cent. withholding tax is applicable irrespective of the tax residence of the holder of the Bonds. The list of Non-Cooperative States is published by a ministerial executive order, which is updated on a yearly basis.

Furthermore, in application of Article 238 A of the French *Code général des impôts*, interest and other revenues on such Bonds are not deductible from the Issuer's taxable income if they are paid or accrued to persons established or domiciled in a Non-Cooperative State or paid to a bank account opened in a Non-Cooperative State (the "**Deductibility Exclusion**"). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Articles 109 *et seq.* of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* 2 of the French *Code général des impôts*, at a rate of 30 per cent. or 75 per cent. (subject to more favourable provisions of any applicable double tax treaty).

Notwithstanding the foregoing, the law provides that neither the 75 per cent. withholding tax set out under Article 125 A III of the French *Code général des impôts* nor the Deductibility Exclusion will apply in respect of the Bonds if the Issuer can prove that the principal purpose and effect of the issue of the Bonds was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the "**Exception**"). Pursuant to *Bulletins officiels des Finances Publiques-Impôts* (BOI-INT-DG-20-50 and BOI-RPPM-RCM-30-10-20-40 dated 11 February 2014 and BOI-ANX-000364 dated 12 September 2012), the Bonds will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of the issue of the Bonds, if the Bonds are, *inter alia*:

- (a) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (b) admitted, at the time of their issue, to the clearing operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign

depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Consequently, payments of interest and other revenues made by the Issuer under the Bonds are not subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts*. In addition, they will be subject neither to the Deductibility Exclusion nor to the withholding tax set out under Article 119 *bis* 2 of the French *Code général des impôts* solely on account of their being paid to a bank account opened in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.

Pursuant to Articles 125 A and 125 D of the French *Code général des impôts*, subject to certain limited exceptions, interest and other similar revenues received by individuals who are fiscally domiciled in France are subject to a 24 per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding tax at an aggregate rate of 15.5 per cent. on interest and other similar revenues paid to individuals who are fiscally domiciled in France.

2.2 EU Savings Directive

The Savings Directive has been implemented into French law under Article 242 *ter* of the French *Code général des impôts*, which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

1. Subscription Agreement

2.4 General

No action has been taken in any jurisdiction that would permit an offer to the public of any of the Bonds. Neither the Issuer nor the Joint Lead Managers represents that Bonds may at any time lawfully be resold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such resale.

The Joint Lead Managers have agreed that they will, to the best of their knowledge, comply with all relevant securities laws, regulations and directives in each jurisdiction in which they purchase, offer, sell or deliver Bonds or have in their possession or distribute this Prospectus or any other offering material relating to the Bonds and obtain any consent, approval or permission required for the purchase, offer or sale of the Bonds under the laws and regulations in force in any jurisdiction in which they make such purchase, offer or sale and the Issuer shall have no responsibility therefor.
