

Project Management

Dedicated resources to ensure a seamless and successful project

At Ingenico, we know how important it is to meet your requirements and timelines for any payments technology project, whether it's upgrading existing solutions with new features or rolling out new hardware and software across thousands of locations.

Our Project Management Services offer a seamless way to successfully manage your projects and achieve your goals. With a certified professional serving as your single point of contact within Ingenico, you'll receive the ongoing communication, support, and project management expertise you need to ensure all requirements, milestones, and expectations are met.

A seamless way to avoid delays, reduce costs, and achieve your project goals.

Ingenico's Project Management Services will:

- Ensure all requirements are met
- Identify risks and potential issues
- Ensure an on-time, on-budget and successful project
- Maintain full transparency regarding the status of your project

Our proven methodology for project success

Once a project has been identified, we will assign a dedicated project manager who will serve as your team lead and single point of contact into Ingenico. Your project manager will be responsible for:
